Blueprint Lettering Assignment

1. Write each capital letter and numbers 0 through 9, observing proper grid size and shape.

2. Copy the phrase “PACK MY BOX WITH FIVE DOZEN LIQUOR JUGS.”, using proper spacing between letters and words.

3. Copy the sentence “WE PROMPTLY JUDGED ANTIQUE IVORY BUCKLES FOR THE NEXT PRIZE.”, using proper spacing between letters and words.

Remember the letter and word spacing from the PowerPoint presentation: Letters are 6 spaces high and 5 or 6 spaces wide (see handout), except for “I”, which has no width, and “W”, which is the widest letter.

Use full squares on your graph paper for assignment number 1 and half-squares for assignment numbers 2 and 3.
